

Why are we offering this program?

Thank you!

Our goal with this referral program is to encourage the promotion of our Preschool, PreKindergarten, Kindergarten ~ Grade 8 classes. We also want to thank you, our families, for taking the time to promote the value of a Saint Paul School education

What if I refer several students who enroll?

The discounts are stackable. Multiple referrals earn multiple discounts up to the amount of your full tuition.

Class space is limited, so act quickly before this opportunity to lower the cost of a Saint Paul School education passes.

"When looking for the best school for our children we toured Saint Paul School. We saw classrooms full of happy teachers and children working together and students of all ages greeting each other in the hallways. By the end of the tour we looked at each other and agreed it was exactly the unique caring community we were looking for."

Jenny and Tyler Montgomery,
Saint Paul School Preschool and
