

Dear Parents and Prospective Students,

I thank you for your interest in a Catholic education at Saint Paul School. Saint Paul Parish is committed to nourishing the faith of our young students through our parish school and warmly welcomes students from our neighboring parishes to join our school community.

We are very proud of Saint Paul School, which provides strong Catholic faith formation and religious studies, solid foundations in reading, writing, listening and speaking skills, math, science, social studies and Spanish. We also have excellent programs in art, music, physical education, technology education and library/media studies.

You are invited to schedule a time to visit classrooms, talk with teachers, and meet with Ms. Lisa Fasano, our principal, to discuss the opportunities for enrolling in Saint Paul School.

In Christ,

Reverend Thomas F. Nestor
