

We are almost ready to start the annual St. Paul lunch program. Our goal is to provide a reasonably priced, delicious, and nutritious lunch for our students and hope this convenience will be a welcomed service and a help to our St. Paul's parents.

The daily cost per student has been set at \$5.00 per lunch and will include an entrée, snack, fruit or vegetable as well as the choice of bottled water or fruit juice box. For students who do not wish to purchase the hot lunch program, may choose from a variety of a la carte items. Fresh bagels and cream cheese from Atlantic Bagel, yogurt, chips and fruit will be available everyday. These items may be purchased for cash each day. Once per week we will be offering a home baked goody such as cupcake, brownie, or cookie at the cost of \$1.00. Please note that goody money will not be accepted with lunch menus.

The menu will be made available each month on the school website. Simply fill out a menu for each child in your family. Each child's name and grade needs to be written on the menu and the lunches to be purchased need to be circled. Return the menus to the school with a check to cover the entire month. (*Checks can be made out to St. Paul School*) This method will help cut down on students having to carry cash as well as assist us in keeping costs in check by knowing in advance, how many lunches will be needed for each day. We will not be able to provide makeup days for students that are absent due to sickness or vacations, as everything will have been purchased and prepared based on the monthly menu commitment.

Thank you for your patience and I look forward to serving your children for another year.

Sincerely, Jennifer Knobloch
