

Saint Paul School
Summer Reading Program
Students Entering Grade 3

“The more you **read**
the more **things** you know.
The more that you **learn**
the more **places** you’ll go.”
-Dr. Seuss

Reading is an essential part of our curriculum at Saint Paul School. In order to further our students’ education, each student is required to continue to read throughout summer vacation. Our goal is that all students will develop a real appreciation of quality literature within the content areas. Parents are encouraged to discuss the books and/or read along with their child. Summer reading can be a great opportunity for parents to spend quality time reading and discussing some great characters, cultural and historical settings and the life lessons portrayed in the following novels.

INSTRUCTIONS:

- Due September 5, 2017: Students should have completed at least two grade level appropriate books (please see the attached suggested reading list).
- Students entering Grade 3 should aim to read for a minimum of 1 ½ hours per week, ideally broken into 20 minute intervals each day.
- During the first weeks of school, students should be prepared to complete a writing project based on one of their summer reading selections. This project will equal a quiz grade.
